

Delphi

Offer to Sting Companies

Congratulations on being accepted as a Sting company. Delphi is a loyal Sting partner and our offer to you as a Sting company is as follows:

Two hours of free legal advice

Take the opportunity to get two hours of free legal advice. We can advise on issues regarding shareholder agreements, confidentiality agreements, protection of intellectual property rights, how to best get structured for a future capital raising, incentive programs and much more.

Tailor-made agreements at discounted prices

We offer competitive pricing on most of the fundamental contracts needed in the start up phase of a company – often with a fixed price structure.

20 % discount on current fees

All Sting companies get a general 20 % discount on our hourly rates. Alumni companies are offered a 10 % discount. Simpler telephone consultations are not charged and we are clear about when charging begins.

Seminar activities

Tailor-made seminars with Sting and access to Delphi's comprehensive seminar activities free of charge (registration required).

When you need help in the start-up phase, which you more than likely will need, we are always available to you. Give us a call, we'll help.

Kind regards from Therese Virgin, Anders Lindström and Johan Hübner
